

TOOtheLOUNGE

TOOtheLOUNGE allows you to create the most optimal work environment. Meetings, collaborating, or you just more separating.

With the various components and different wall heights you make the perfect place.

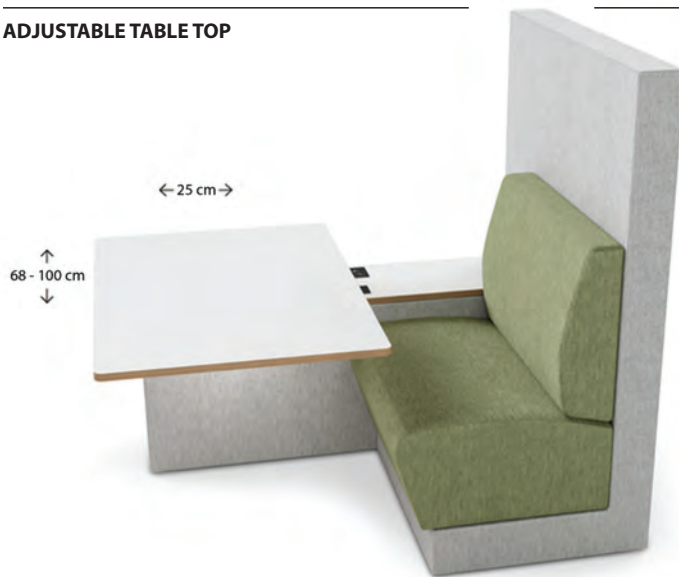

CONFIGURATIONS

TOOtheLOUNGE

ADJUSTABLE TABLE TOP

The table top is slidable so you can determine the working position that you find most comfortable. You can also opt for an electric height adjustable version. With a push on a button you set the table top to the desired height.

POWER OUTLET

The power outlet is standard optionally with USB, HDMI and RJ45 connections. So you can stay connected and fully charged all day.

WALL HEIGHTS

TOOtheLOUNGE has two standard wall heights, 110 cm and 130 cm, for the creation of more open or shielded areas.

LOCKER STORAGE

Would you like to leave your place for a short while and don't want to leave your stuff unattended. You can put it in the optional locker storage.

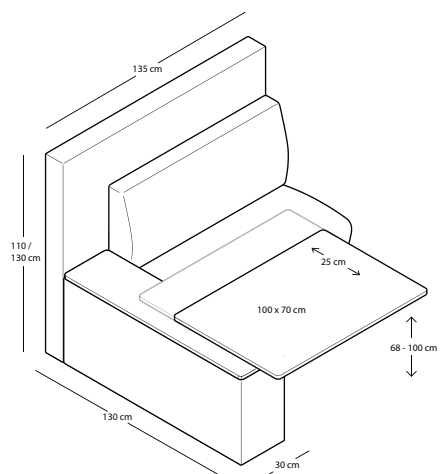

LAMP

To make it even cozier TOOtheLOUNGE can be provided with a lamp equipped with an on/off pull cord.
